

Kiaro![®] K-100

- Industry Best Tabletop Label Printer
- Print Labels 0.8" – 4.2" Wide

Create Quality Custom Labels On-Demand and In-House

- Print speed up to 8 inches per second (40 ft per minute)
- Super print resolution up to 1200 dpi
- Print width 0.8" to 4.2"
- Industry best performance
- Excellent reliability

The Kiaro! inkjet color label printer is the premier in-house label printing solution for short runs, with the industry leading combination of print speed and quality. This printer automatically performs periodic cleanings and completes print jobs without label splicing.

Designed to print labels for any application, the Kiaro! dye-based printer fits into any size production facility and provides instant control over the labeling process.

With the Kiaro!, you have the ability to create custom-print private label packaging with our labeling software, better equip your facility to manufacture just-in-time, and gain control to reduce errors and delays. The Kiaro! color label printer is the elite solution for any business looking to improve their labels.

If time is money, and you want to spend less time working with what needs to get produced, this is the printer you get."

*- Ryan Flynt,
CJ's Unique Boutique*

"The Kiaro! gave us exactly what we needed to create our labels just-in-time, and it cut our cost on those labels by about 40%."

- David Crompton, CEO, Quick Fitting

K-100
